Using This Book	14

Section I

Understanding Home Health Aide Services17

CHAPTER 1

Home Care and the Healthcare System

1. Describe the structure of the healthcare system and describe ways it is changing.....	17
2. Explain Medicare and Medicaid, and list when Medicare recipients may receive home care	18
3. Explain the purpose of and need for home health care.....	19
4. List key events in the history of home care services.....	20
5. Identify the basic methods of payment for home health services	20
6. Describe a typical home health agency	21
7. Explain how working for a home health agency is different from working in other types of facilities	22

CHAPTER 2

The Home Health Aide and Care Team

1. Identify the role of each healthcare team member	24
2. Define the client care plan and explain its purpose	26
3. Describe how each team member contributes to the care plan	26
4. Describe the role of the home health aide and explain typical tasks performed	27
5. Identify tasks outside the scope of practice for home health aides	28
6. List the federal regulations that apply to home health aides.....	28
7. Describe the purpose of the chain of command	29
8. Define policies and procedures and explain why they are important	29
9. List examples of a professional relationship with a client and an employer	30

10. Demonstrate how to organize care assignments	31
11. Demonstrate good personal grooming habits.....	32
12. Identify personal qualities a home health aide must have.....	32
13. Identify an employer's responsibilities	33

CHAPTER 3

Legal and Ethical Issues

1. List examples of legal and ethical behavior	36
2. List examples of clients' rights and explain why they are important	36
3. List examples of behavior supporting and promoting clients' rights.....	39
4. Explain HIPAA and list ways to protect clients' confidentiality.....	39

Section II

Building a Foundation: Before Client Care42

CHAPTER 4

Communication and Cultural Diversity

1. Define communication.....	42
2. Explain verbal and nonverbal communication.....	43
3. Identify barriers to communication	44
4. List ways to make communication accurate and complete	45
5. Describe the difference between facts and opinions.....	46
6. Explain how to develop effective interpersonal relationships	46
7. Describe basic medical terminology and approved abbreviations.....	47
8. Explain how to give and receive an accurate oral report of a client's status	48
9. Demonstrate how to report and document factual observations in written or oral form.....	49
10. Explain why documentation is important and describe how to document visit records and incident reports.....	50

11. Demonstrate ability to use verbal and written information to assist with the care plan.....51
12. Demonstrate effective communication on the telephone51
13. Describe cultural diversity and religious differences ...52
14. List examples of cultural and religious differences.....54
15. List ways of coping with combative behavior54
16. List ways of coping with inappropriate behavior55

CHAPTER 5

Infection Control and Standard Precautions

1. Define asepsis and explain the chain of infection57
2. Identify when to wash hands58
3. Identify when to wear gloves.....59
4. Identify when to use personal protective equipment (PPE)61
5. Explain how to handle spills62
6. Explain and follow Standard Precautions62
7. Explain guidelines of care for clients with infectious diseases64
8. Explain sterilization and disinfection.....65
9. Explain how bloodborne diseases are transmitted.....66
10. Explain the basic facts regarding HIV and hepatitis infection66
11. Identify high risk behaviors that allow the spread of HIV/AIDS and HBV.....67
12. Demonstrate knowledge of the legal aspects of AIDS, including testing67
13. Identify community resources and services available to clients with HIV/AIDS67
14. Explain tuberculosis and list infection control guidelines.....68
15. Explain the importance of reporting a possible exposure to an airborne or bloodborne disease68
16. Explain the terms MRSA and VRE69
17. List employer and employee responsibilities for infection control.....69

CHAPTER 6

Safety and Body Mechanics

1. Explain the principles of body mechanics72
2. Apply principles of body mechanics to your daily activities.....73
3. List ways to adapt the home to principles of good body mechanics74
4. Identify five common types of accidents in the home75

5. List home fire safety guidelines and describe what to do in case of fire.....79
6. Discuss the use of restraints and related problems.....80
7. Identify ways to reduce the risk of automobile accidents81
8. Identify guidelines for using your car on the job81
9. Identify guidelines for working in high-crime areas.....81

CHAPTER 7

Emergency Care and Disaster Preparation

1. Demonstrate how to recognize and respond to medical emergencies.....84
2. Demonstrate knowledge of first aid procedures.....85
3. Identify emergency evacuation procedures.....93
4. Demonstrate knowledge of disaster procedures93

Section III

A Holistic Approach to Understanding Clients95

CHAPTER 8

Physical, Psychological, and Social Health

1. Identify basic human needs95
2. Define holistic care.....96
3. Identify ways to help clients meet their spiritual needs97
4. Discuss family roles and their significance in health care.....97
5. Describe personal adjustments of the individual and family to illness and disability98
6. Identify community resources for individual and family health.....99
7. List ways to respond to emotional needs of clients and their families99

CHAPTER 9

The Human Body in Health and Disease

1. Describe the integumentary system101
2. Describe the musculoskeletal system102
3. Describe the nervous system.....104
4. Describe the circulatory or cardiovascular system106
5. Describe the respiratory system107
6. Describe the urinary system.....108
7. Describe the gastrointestinal or digestive system110
8. Describe the endocrine system.....112

9. Describe the reproductive system113
 10. Describe the immune and lymphatic systems.....115

CHAPTER 10

Human Development and Aging

1. Describe the stages of human development and identify common disorders for each group117
 2. Distinguish between fact (what is true) and fallacy (what is not true) about the aging process.....121
 3. Discuss normal changes of aging and list care guidelines122
 4. Identify attitudes and living habits that promote good health127
 5. List ways to recognize and report elder abuse and neglect.....129
 6. Identify community resources available to help the elderly.....129

CHAPTER 11

Dying, Death and Hospice

1. Discuss the stages of dying131
 2. Describe the grief process.....132
 3. Discuss how feelings and attitudes about death differ132
 4. Explain common signs of approaching death133
 5. Discuss how to care for a dying client133
 6. Define the goals of a hospice program135
 7. Identify special skills and attitudes helpful in hospice work136
 8. Describe the role of the hospice volunteer136
 9. Discuss the importance of caring for yourself when working in hospice care.....136

Section IV

Developing Personal Care and Basic Healthcare Skills138

CHAPTER 12

Transfers, Ambulation, and Positioning

1. Explain the guidelines for safely transferring and positioning clients138
 2. Explain the guidelines for safely positioning a client in each of the five basic positions147
 3. List things you can do to help make your client comfortable152

CHAPTER 13

Personal Care Skills

1. Describe the home health aide's role in assisting clients with personal care157
 2. Explain guidelines for assisting with bathing.....158
 3. Describe guidelines for assisting with grooming168
 4. Identify guidelines for good oral care.....171
 5. Explain care guidelines for hearing aids and prosthetic devices175
 6. Explain guidelines for assisting with toileting.....176
 7. Describe how to dispose of body wastes179

CHAPTER 14

Core Healthcare Skills

1. Explain the importance of monitoring vital signs.....181
 2. List three types of specimens you may collect from a client.....192
 3. Describe the importance of fluid balance and explain intake and output (I&O)196
 4. Describe the guidelines for catheter care.....198
 5. Explain the benefits of warm and cold applications201
 6. Explain how to apply non-sterile dressings.....205
 7. Describe the purpose of anti-embolic hose206
 8. Define the term ostomy and list care guidelines206

CHAPTER 15

Rehabilitation and Restorative Care

1. List goals of restorative home care209
 2. Explain the home care rehabilitation model209
 3. Describe guidelines for assisting with restorative care210
 4. Describe how to assist with range of motion exercises211
 5. Explain the guidelines maintaining proper body alignment216
 6. List important observations to make about changes in a client's skin216
 7. List guidelines for providing basic skin care and preventing pressure sores.....217
 8. Describe the guidelines for caring for clients who have fractures or casts218
 9. List the guidelines for caring for a client who has a hip fracture.....219
 10. List ways to adapt the environment for people with physical limitations.....221
 11. Identify reasons clients lose bowel or bladder control.....221

12. Explain the guidelines for assisting with bowel or bladder retraining222
13. Describe the benefits of deep breathing exercises223

CHAPTER 16

Medications and Technology in Home Care

1. List four guidelines for safe and proper use of medications.....225
2. Identify the five “rights” of medications226
3. Explain how to assist a client with self-administered medications.....226
4. Identify observations about medications that should be reported right away.....227
5. Describe what to do in an emergency involving medications.....227
6. Identify methods of medication storage227
7. Identify signs of drug misuse and abuse and know how to report these228
8. Demonstrate an understanding of oxygen equipment.....229
9. Explain guidelines for the care of a client with an IV...230

Section V

Special Clients, Special Needs . . .232

CHAPTER 17

Clients with Disabilities

1. Identify common causes of disabilities233
2. Describe daily challenges a person with a disability may face233
3. Define terms related to disabilities and explain why they are important233
4. Identify social and emotional needs of persons with disabilities234
5. Explain how a disability may affect sexuality and intimacy234
6. Identify skills you have already learned that can be applied to clients with disabilities234
7. List five goals to work toward when assisting clients who have disabilities234
8. Identify five qualities of excellent service needed by clients with disabilities235
9. Explain how to adapt personal care procedures to meet the needs of clients with disabilities.....236
10. List important changes to report and document for a client with disabilities242

CHAPTER 18

Mental Health and Mental Illness

1. Identify five characteristics of mental health244
2. Identify four causes of mental illness.....244
3. Distinguish between fact and fallacy concerning mental illness.....245
4. Explain the connection between mental and physical wellness.....245
5. List guidelines for communicating with mentally ill clients245
6. Identify and define common defense mechanisms.....246
7. Describe the symptoms of anxiety, depression, and schizophrenia.....246
8. Explain how medications can help a client who is mentally ill.....248
9. Explain your role in caring for clients who are mentally ill.....248
10. Identify important observations that should be made and reported249
11. List the signs of substance abuse.....249

CHAPTER 19

New Mothers, Infants and Children

1. Explain the growth of home care for new mothers and infants251
2. Identify common neonatal disorders251
3. Identify ways of assisting a new mother with her transition to the home.....251
4. List important observations to report and document.....252
5. Explain guidelines for safely handling a baby252
6. Describe guidelines for assisting with feeding a baby254
7. Explain guidelines for bathing and changing a baby...257
8. Explain guidelines for special care.....261
9. Identify special physical, mental, and emotional needs of children263
10. List symptoms of common childhood illnesses and the required care263
11. Identify guidelines for working with children264
12. List the signs of child abuse and neglect and know how to report them.....265

CHAPTER 20

Common Chronic and Acute Conditions

1. Define arthritis and identify treatments and care guidelines.....267

2. Define cancer and list eight risk factors for cancer	268
3. List seven warning signs of cancer	269
4. Identify common treatments for cancer	269
5. Describe care guidelines for the client who has cancer	270
6. Identify community resources available to people with cancer and their families	271
7. Describe diabetes and identify its signs and complications	271
8. Describe the differences between insulin shock and diabetic coma, and list care for each	272
9. List care guidelines for the client with diabetes	273
10. Describe a meal plan for the client with diabetes	274
11. Define cerebral vascular accident (CVA) and list common warning signs	275
12. Describe six common physical changes in CVA clients	276
13. Describe care guidelines and communication techniques for the CVA client	276
14. Identify common circulatory disorders, their symptoms, and care guidelines	279
15. Define COPD and list care guidelines	282
16. Define HIV and AIDS and describe care guidelines	283
17. Describe normal changes of aging in the brain	286
18. Define dementia and recognize its causes	286
19. Describe Alzheimer's disease and identify its stages and related behaviors	287
20. Identify personal attitudes helpful in caring for people with AD or any dementia	288
21. List three strategies for better communication with Alzheimer's clients	289
22. Describe a safe environment for a client with AD	289
23. Explain how to assist with personal care and activities of daily living for the client with AD	290
24. List eight difficult behaviors common in clients with AD and describe ways to manage each	292
25. Describe creative therapies for clients with AD	294

Section VI

Practical Knowledge and Skills in Home Management298

CHAPTER 21

Clean, Safe and Healthy Environments

1. Describe how housekeeping affects physical and psychological well-being	298
2. List qualities needed to manage a home and describe general housekeeping guidelines	298
3. Describe cleaning products and equipment	300
4. Describe proper cleaning methods for living areas, kitchens, bathrooms, and storage areas	300
5. Describe how to prepare a cleaning schedule	305
6. List special housekeeping procedures to use when infection is present	305
7. Explain how to do laundry and care for clothes	306
8. List special laundry precautions to use when infection is present	308
9. List guidelines for teaching housekeeping skills to clients' family members	308
10. List three reasons careful bedmaking is important	308
11. Identify hazardous household materials	312

CHAPTER 22

Clients' Nutritional Needs

1. Describe the importance of good nutrition and list the six basic nutrients	314
2. List the six food groups on the USDA Food Guide Pyramid	316
3. Identify ways to assist clients in maintaining fluid balance	318
4. Identify nutritional problems of the elderly or ill	319
5. Demonstrate awareness of regional, cultural, and religious food preferences	321
6. List and define common health claims on food labels	322
7. Explain the information on the FDA-required Nutrition Facts label	323
8. Explain special or modified diets	324

CHAPTER 23

Meal Planning, Shopping, Preparation, and Storage

1. Explain how to prepare a basic food plan and list food shopping guidelines	328
2. List guidelines for safe food preparation	330
3. Identify methods of food preparation	331
4. Identify four methods of low-fat food preparation	333
5. List four guidelines for safe food storage	333
6. Describe guidelines for assisting with eating	334
7. Describe eating and swallowing problems a client may have	335

CHAPTER 24

Managing Time, Energy, and Money

1. Explain three ways to work more efficiently338
2. Describe how to follow an established work plan with the client and family339
3. Discuss ways to handle inappropriate requests339
4. List five money-saving homemaking tips340
5. List guidelines for handling a client's money340

Section VII**Where Do I Go From Here?342**

CHAPTER 25

Caring for Yourself and Your Career

1. Explain how to conduct a job search.....342
 2. Identify documents that may be required when applying for a job.....343
 3. Demonstrate completing an effective job application.....343
 4. Demonstrate competence in job interview techniques.....344
 5. Discuss appropriate responses to criticism.....345
 6. Identify effective ways to make a complaint to an employer or supervisor.....346
 7. Identify guidelines for making job changes347
 8. List your state's requirements for maintaining certification347
 9. Describe continuing education for home health aides347
 10. Define stress and stressors, and list examples.....348
 11. Explain ways to manage stress348
 12. Demonstrate two effective relaxation techniques349
 13. Describe how to develop a personal stress management plan.....350
 14. List five guidelines for managing time351
 15. Demonstrate an understanding of the basics of money management.....351
 16. Demonstrate an understanding that money matters are emotional353
 17. List ways to remind yourself that your work is important, valuable, and meaningful.....353
- Index.....355
